

Quick Start Package

(MSRP: \$1,900.00)

Lutron's NEW Quick Start Package is an introductory RadioRA system that installs quickly, and works as a system immediately upon installation.

All devices in the Quick Start Package arrive pre-programmed to significantly reduce costly setup time.

The installer saves both time and money while delivering a system that is flexible enough to allow easy, customized programming after the system is up and running.

The Quick Start Package provides convenient control from the car, entry, and bedside allowing:

- Creation of a well-lighted pathway through the home with the touch of a button
- Adjustment of lights from individual dimmers or master controls
- Integration with a home's security system
- Easy expansion in the future for up to 64 zones of light with no rewiring required

Package available in the following colors

Gloss finish palette white (WH), ivory (IV), almond (AL), light almond (LA), gray (GR), brown (BR), black (BL)

Satin finish palette snow (SN), biscuit (BI), eggshell (ES), taupe (TP), midnight (MN), blue mist (BT), limestone (LS), stone (ST), desert stone (DS), terracotta (TC), ochre (OC), hot (HT)
